**SOCCER**

## **Under 9 In House Program Press Release**

Louisville Soccer is pleased to announce that president, Mike Hayes, will be responsible for training our under 9 boys this upcoming 2010-2011 season. The exact plans for competition are to be determined but Louisville Soccer will attempt to form as many as 6 to 8 competitive teams to compete locally in a 6 on 6 format.

The overall intention is to train all teams together during the week and to place the kids in a competitive game environment on weekends.

Hayes feels that training is the most important piece of the game at this age but adds that, "they must learn the competitive side of the game at an early age". Hayes plans to teach all aspects of the game but to do it in a controlled atmosphere.
