I have been enjoying the game of soccer for the past 25 years as a player or high school coach and am happy to have the opportunity to work with younger players at LSA who are just being introduced to soccer. As a coach, I strive to ensure that each player enjoys the game and learns the basic skills that they will need to grow in the sport as they get older while at the same time making the drills and practices fun and age appropriate. I currently hold a USA Soccer E coaching certificate.
