nmcwil@gmail.com
U6 & U8 Coach & Coordinator

Whether I am coaching 6 year old or 15 year old players, I encourage the proper development of fundamental skills, and individual and team creativity. I believe fundamental skill development and creative influence are valuable parts of individual and team success. In obtaining my E license, I became more familiar with how to design my practice with a progression of drills, in order to create a positive environment for individual skill development and creative growth.
