## **PERSONAL STATEMENT**

I am beyond excited to be a part of this organization again! As a player here for several years, this club has been a huge part of my life. I am looking forward to coaching and having the opportunity to teach my players some of the valuable skills and lessons, for both on and off the field, that I was provided with. My coaches helped to shape me into the person I am today, and I hope to be able to do the same for my players!
