PERSONAL STATEMENT

I was born and raised in Japan. I moved to the United States when I was 12 years old. I started to play soccer when I was 6 years old. Soccer has been in my life since then. Soccer taught me a lot of things and without soccer experiences, I would not be the same person that I am today. I believe that soccer can teach you a lot of life lessons. My philosophy and goals are to teach all the kids how much soccer is enjoyable. Also, I want to let all the players know how to win the game and how to be competitive in every practice, game and whatever they are doing in life.
