## **PERSONAL STATEMENT**

I am married to Dawn Heuglin (25 years), have four children, Jordan, Ashton, Brielle, and Braden. I am blessed to have this opportunity to teach the game of soccer for over 20 years which my family fully involved and by my side. My goal when I started in 1997 was to promote the world's game of soccer, especially in the rural and less fortunate communities, as this is a beautiful game that can be played by all people regardless of abilities. My goal has indeed been met, as soccer has grown and continues to grow throughout all communities in Kentucky and the United States thanks to awesome leadership, coaching, and volunteers throughout. My philosophy is simple, as I believe our goal is to afford all children the opportunity to learn in a fun filled environment that focuses on instilling the fundamentals of game which will allow all to learn to "love" the game one touch at a time.
