## **PERSONAL STATEMENT**

I've been playing soccer for 20 years now. I have continued to learn to grow and love the game. My goal as a coach is to help the youth learn to understand the game and grow into the best player they can be. My approach is to have fun with the kiddos. Teaching important soccer skills through fun games is the best way to keep the kids entertained and wanting to learn more. I always strive to make each child feel important by taking some time to work 1-on-1 with each kid during practice.
